# Registering For & Using CCM's Chassis Booking System

# REGISTER

Begin by typing in Chassischoice.com into your internet browser to access the system. Once there, if you do not have a log in, click “Register” in the upper right hand corner of the screen.

# REGISTER

This will bring you to the page where you will register as a user. Fill out all fields marked with an asterisk. You do not have to choose one chassis pool, however choosing one will limit the locations displayed to you when making a booking.

Successfully saving a booking will trigger the system to email a confirmation to you, and inform the facility that a booking has been created. You will receive your pick up number in the email. The system will also display the following confirmation message

The screenshot displays the Chassis Booking System interface. At the top, there is a navigation bar with 'Booking' and 'Administration' tabs, and a user greeting 'Welcome Greg Snook' with a 'Logoff' button. Below the navigation bar, a message reads 'Thank you for your Booking' with a 'Return to Open Bookings' link. A table lists the booking details:

Booking Number	Motor Carrier	Pick Up Location	Shipping Line	EQT	Quantity	From Date	Valid Until	Return Location
KKLU09271701	Container Port Group	Classic Trans Yard - Grand Rapids	Kline	20CH	2	09/27/2017	09/27/2017	

Below the table, an email confirmation message is shown. The subject line is 'CCM Booking Confirmation: COCP Classic Trans Yard - Grand Rapids - KKLU09271701'. The email body contains the following text:

**CCM Booking Confirmation to User**

Hello,

The following booking has been created:

Pickup Location: Classic Trans Yard - Grand Rapids  
Booking Number: KKLU09271701  
Motor Carrier: Container Port Group  
Shipping Line: Kline  
Equipment Group and Quantity: 20CH - 2  
From Date: 09/27/2017  
Valid Until Date: 09/27/2017  
Return Location (optional):

*This is a post-only mailing. Replies to this message are not monitored or answered.*

A red arrow points from the text 'The system will also display the following confirmation message' to the email confirmation message.

Bookings can be edited after they are created. The system will limit each motor carrier to one booking per line per location per day, and so if additional chassis are needed, you will need to increase your booking instead of making a second booking. This can be done even if all chassis on a booking are picked up, as long as there is available chassis to release.

On the Booking screen, you can click the magnifying glass to find a specific booking, and you can click to edit the quantity and container ship line, or cancel the booking if it will not be used, freeing those chassis for use by other motor carriers.

The screenshot shows the 'Open Bookings' search interface. At the top, there is a navigation bar with 'Home', 'Booking', and 'Administration' icons. Below this, the title 'Open Bookings' is displayed. A search bar with a magnifying glass icon and the text 'Search' is present. Below the search bar are several input fields: 'Booking Number', 'Motor Carrier', 'Region', 'Pick Up Location', 'Shipping Line', 'Pool', 'Return Location', and 'EQT'. There are 'Find' and 'Reset' buttons at the bottom of the form. Red arrows point to the magnifying glass icon and the 'Booking Number' input field.

The screenshot shows the 'Open Bookings' table. The table has columns for Booking Number, Motor Carrier, Region, Pick Up Location, Pool, Shipping Line, EQT, Quantity, From Date, Valid Until, and Return Location. The first row contains the following data: Booking Number: KKLU09271701, Motor Carrier: Container Port Group, Region: Detroit, Pick Up Location: Classic Trans Yard - Grand Rapids, Pool: COCP, Shipping Line: Kline, EQT: 20CH, Quantity: 2, From Date: 09/27/2017, Valid Until: 09/27/2017, Return Location: Gre. There is an 'Edit' button next to the first row. A red arrow points to the 'Edit' button. The table also includes a search bar, an 'Add Booking' button, and pagination information: 'Page 1 of 1' and 'Per Page 25'.
